## Schools Resume Session Next Tuesday; Many New Teachers Will Greet Students

### Ida Ave. Improvement Bids Opening Scheduled For Next Tuesday Night

Bids on the improvement of Ida avenue from Main street to the Soo Line railroad tracks will be opened at the September session of the Antioch village board next Tuesday evening in the village hall.

The proposed improvement would be Type A gravel or crushed stone base 8 inches thick and bituminous concrete surface, subclass II, 2 1/2 inches thick. It also would include a concrete (type 5) curb and gutter.

### Salem Sewer Plan Report Due Sept. 14

SALEM, Wis.—Plans for a proposed sewer system for the Salem-Hooker Lake area are moving ahead rapidly, it is reported here this week.

Creation of a Sewer Utility district for working out the plans was approved last month at a public meeting in the Salem Fire station by a vote of 45 to 5.

The Salem town board created the Sewer Utility district and authorized the firm of Jensen and Johnson, civil engineers of Elkhorn, Wis., to prepare a report on the proposed system and deliver it to the town board before September 14.

Earl Elfers, town chairman, said the engineers have completed their field work and the report will be delivered to the town this month.

The town board plans to call a meeting of all residents of the area to be served, as soon as the complete report is received.

This report will contain an outline of the proposed sewers, the estimated costs, the special assessments to the property owners and the annual cost to the users.

The report will also contain a proposed plan for financing of the system as prepared by the engineers in conjunction with Lowell Sweet, town attorney.

The public meeting will be presided over by Robert Janssen, chairman of a special committee appointed by Elfers.

Elfers said the meeting will probably be called sometime in October, and the reaction of people attending will determine the future action of the Town Board on the sanitary sewer system.

### Chain O' Lakes Park Improvement Talked

Chain O' Lakes State park on the east side of Grass lake and not far from Antioch and Fox Lake, is listed among the state parks that would be studied for improvements under an engineering agreement signed by Illinois state authorities.

Feasibility of a \$1 to \$2 million bond issue for construction of new camping and recreational facilities in Chain O' Lakes and other state parks will be studied.

Revenue from the state conservation department's division of parks would retire the bonds. The last general assembly gave authority for the bond issue.

Chain O' Lakes state park is one of the more popular such places in the Antioch area.

This street not only serves a residential section of the village east of Main street and the American Legion hall in the area, but also the village's industrial district east of the Soo Line tracks.

It is also a street used by some persons not wishing to go to the village dumping ground a longer way around, such as via Depot street or on route 173.

Last week the board hired David Miller, its village engineer, to design and lay out the proposed addition to the sewerage plant and system and some more water mains.

This must be done before a bond issue can be floated to finance this project. One of the principal areas to be covered by the new sewer lines will be Oakwood Knolls.

However, the village may be told by state authorities at any time that enlargement of the plant itself is necessary for the health of the community.

### Bong AFB Disposal Still Not Settled

KANSASVILLE, Wis.—The Chicago division of the army corps of engineers has been told to prepare a "report of excess" as the start of final action by the military leading to eventual disposal of Bong Air Force base.

This report will be presented to the general service administration which will canvass non-military federal departments and agencies and later state or local administrations to see if any of them want the property.

Bong AFB was abandoned last October after more than \$15 million had been spent on preliminary construction. The air force had said the base no longer was necessary for its requirements.

After receiving the excess report from the army engineers and completing its own studies of the situation, the GSA will declare the property in excess to the federal government's needs.

The GSA also will be responsible for the disposal of Bong AFB located near Kansasville and a few miles north of Kenosha highway 50.

### Nick & Ellen's Grill Re-Opens

Nick and Ellen's Grill, Lake street near Main opened Wednesday morning of this week after being closed for more than a week for redecorating, installation of new equipment and other improvements.

A feature of the restaurant soon will be booth as well as counter service. Booths are being built and will be installed soon.

GRASS LAKE ROAD re-surfacing was nearing the end of the job when this photo was taken last Friday not far from the channel between Bluff and Petite Lakes. A Lake Forest firm was doing the job for the State of Illinois between Highway 59 and on west several miles. One-way traffic was often the case as macadam-laying equipment, trucks and men worked. One side of the road was re-surfaced at a time to allow vehicles to keep moving. The job was begun last week Wednesday and completed on Saturday.

### Mishap Kills Bristol Man

BRISTOL, Wis.—Alzo E. Nelson, 58, of route 2, box 644, a Bristol Township farmer, was killed instantly late Monday afternoon when his car was struck by a passenger train at the Bain Station road crossing on highway 50.

Kenosha police said Nelson was on his way home from a shopping trip when his vehicle was struck by a fast-moving southbound Milwaukee railroad train. Engineer William McDonald estimated the train's speed at 85 mph.

The car was dragged about 200 feet and wreckage was strewn over the tracks, police said. Two trains were delayed while the debris was cleared.

Nelson was born in Bristol Township on March 16, 1902, a son of Mr. and Mrs. Ole Nelson. He spent his entire life in that township and received his education in Kenosha county schools.

Mr. Nelson was married in 1924 to Miss Aurora M. Wienke, who is among the survivors. Also there are four sons, Lloyd, Dale and Gary of Bristol Township and LeRoy of Lake Mills, and a daughter, Mrs. Robert Anderson of Racine.

Other survivors are a brother, Lawrence of Kenosha; two sisters, Mrs. Hugh Gamble of Pensacola, Fla., and Mrs. Sam Sorenson of Woodworth, his mother, Mrs. Emma Nelson, and 10 grandchildren.

He was preceded in death by his father on November 4, 1939.

Funeral services will be held at 2 p.m. Thursday, September 1, from Wesley chapel with interment in South Bristol cemetery.

Memorials will be accepted for the Wesley Chapel building fund.

Sessions in most schools of the area will begin Tuesday morning, September 6, with only partial days being observed and in many cases the students going home about noon-time.

First big and complete day in most cases will be Wednesday, September 7, when both grade and high schools will conduct classes at the hours and in the rooms that will be followed during the school year.

### Firemen 'Battle' With Hose Lines

A "water battle" between firemen from Antioch and Lake Villa and among teams of Antioch firefighters drew many youngsters and some adults to the Broadway section of the village Tuesday evening.

A local pumper was hooked up to the hydrant near the village stand-pipe and water was pumped through a 2 1/2 inch hose, snarled into two 2 1/2 inch lines. A 3/4-inch tip was used on each of the two nozzles.

Purpose of the "battle" was to knock with a stream from one hose line an empty beer keg from a center spot between two parallel "fences" out the other end of the enclosure.

Opposition was furnished by the other hose line and nozzle which tried to do the same thing—at the opposite end—and to keep its opponent from accomplishing its purpose.

Teams of four-men each dressed in firemen's coats and hats were involved.

A county-wide meeting of firemen is scheduled for Lake Villa next month and Antioch and Lake Villa firefighters expect to compete in a "water fight" such as held Tuesday night, during this meeting.

## DEAR READER News Editorials

### "To Be Or Not To Be, Etc."

For some time the ANTIOCH NEWS has been considering whether to start a column this fall when organizations resume their meetings for the fall, winter and spring, that would help prevent overlapping of meeting dates, dances, carnival times, dinner dates and the like.

Many a weekend both in summer and winter (or fall and spring) finds so many events taking place in the community that one would have to attend as many as three and four an evening or day to keep up with the times.

For the most part dinners, carnivals, sporting events, dances and the like have to depend on everyone in the community to make them successes, either from a financial or from purely an attendance standpoint.

When there are several events on an evening or even on any given day, especially where one or more is a money-raising deal, the people are divided as to which they should attend and support.

True that many organizational meetings for members only are of little interest outside that group. But the fact that the No Name club is meeting say Thursday evening might mean that some other organization would try another date for its dance, dinner or the like.

Our thought is that we would start a "Coming Events" column to run in the ANTIOCH NEWS each week, listing coming events at least a month in advance.

Then if an organization say plans a dance or a dinner or a festival or show of some kind for a date some time in the future, that date would be noted as well as the site and time.

When another group says that it has considered that date for its event, the fact that the other organization has settled on that time will be passed on to the other group.

Such a column would need the complete cooperation of every organization in the community—village and rural.

It would be published not as a paid advertisement but as a public service by the ANTIOCH NEWS, as a news item.

However, prices or admissions or the like would not be published.

## Courthouse Notebook—

BY LOU DURKIN

School boards, village officials and officials of sanitary districts and drainage districts who are finding their physical plants operating at capacity or in excess of capacity are genuinely concerned with the bitter complaints that have followed the mailing of real estate and personal property tax bills.

Many school districts are faced with overcrowded classrooms despite staggering building programs throughout the county; cities and villages are faced with the prospect of asking for additional funds for sewage treatment plants and sewers, water mains and other facilities, and drainage and sanitary districts are faced with the same problems.

In most cases the needs are very real and in the case of sanitary facilities they verge on the emergency.

The problem facing school and village authorities is how to convince the people that despite already high taxes they should authorize additional expenditures to meet the needs of the community.

Too often the property owner forgets that mayors, village trustees and school board members are also taxpayers and that they are no more anxious for higher taxes than the general public, but they are responsible for providing the necessary facilities and must subject themselves to criticism to carry out their duties.

Everybody's getting into the act on voters' registration this year with both political parties from the national level to the county level conducting registration drives; the Jaycees, Young Republicans, Young Democrats and many civic organizations are urging citizens to qualify to cast their ballot in November by registering now.

And the drive is apparently bearing fruit since you can find lines of people in the registration office on the first floor of the courthouse waiting to register almost every day.

Of course registration is only part of the battle. After they register the voters should learn what they can about the issues involved in each race and then go to the polls on election day and cast their ballots.

The shortsightedness of some people never ceases to amaze us.

Recently there was an announcement by Gov. William G. Stratton that the state planned extensive development of the Chain O'Lakes State Park, an announcement greeted with complaints by some Chain O'Lakes people who insist that development of the park will hurt the resort owners of the area.

The only harm it can do the majority of them is that it may force them to spend a few dollars to improve their facilities and to pep up their operations.

Too many of the resort area operators would rather sit around complaining about the loss of gambling revenue than stir themselves enough to build the Chain O'Lakes as a high class resort area.

Development of the beautiful Chain O'Lakes park, a magnificent site on the west shore of Grass Lake, would be a tremendous boon to the whole area and will benefit everyone ready to take advantage of the development.

Personally, we think the Chain O'Lakes Park would have been a better place for the new multi-million dollar lodge than Illinois Beach State Park.

State's Attorney Bruno W. Stanczak is in an uncomfortable position in the court action to determine the validity of the transfer of title for the Lake County courthouse from the County of Lake to the Lake County Building Commission.

The "friendly" suit was instituted by the state's attorney's office and he has to fight the case in court, knowing that if he wins and a declaratory judgment is entered by Judge William R. Dusher of Rockford, declaring the transfer illegal, the plans for a new courthouse will receive a tremendous setback.

A special committee appointed by County Board Chairman Karl Berning to study the possibility of a Public Works Commission to coordinate major projects in the county is piling up considerable testimony in a series of meetings being held throughout the county on various aspects of the problem.

Although their report won't be ready for sometime yet, we'll venture a guess that the members will recommend establishment of such a department to establish policy and coordinate development of sewage treatment facilities, drainage facilities and other county wide projects.

## Henry Cabot Lodge to Make Speech in Skokie

Ambassador Henry Cabot Lodge, Republican vice presidential candidate, will make a major campaign speech before an estimated 35,000 people at Old Orchard Shopping center, Skokie, at 7:30 p.m., Thursday, September 15.

Congresswoman Marguerite Stitt Church (R), whose district comprises 12 Cook county townships

and all of Lake county, including Antioch and Lake Villa townships, said that Ambassador Lodge's appearance would culminate one of the largest motorcades ever attempted in the district.

Old Orchard has parking space for more than 7,000 cars and nearby areas will swell that total to more than 10,000, Mrs. Church said.

The ANTIOCH NEWS this week introduces a new column for its pages, one that has been published in past years in newspapers in Massachusetts, Oregon and Washington, and written by News Editor-Photographer Henry L. (Hank) Green.

The "heading" shown here was designed and drawn by an artist friend of Green when both were residents of Medford, Ore. Green was sports and Sunday editor of the daily Mail-Tribune of that city.

Later it appeared in the Ritzville (Wash.) Journal-Times but under a different heading when the one shown here was lost in the shuffle of moving.

The column was founded, one might say, in Needham (Mass.) when Green was editor of the Needham News, a weekly back in 1935-36. Needham is a suburb of Boston.

"Marking Time" has featured "spot" news stories, comments on local happenings, sports items and comment, praise as well as criticism, short news items that do not make regular news stories, but are still of interest.

When it started in Needham it was mostly of a sports nature, as it was in Medford, but at Ritzville the column appeared on the editorial page where it became a "straight news" column of comment and features.

We have no axe to grind, no political party to uphold, but we do have Antioch and its people in mind.

Contributions from our readers will be welcome, written or spoken.

## Blood Donations Asked To Aid Local Resident

William Musch, a brother of Mrs. Donald (Wilma) Gibbs of Antioch, is in Zion Memorial hospital after several operations and an appeal was made this week to help him by donating blood for transfusions.

He was operated on a week ago and has had more surgery since then, Mrs. Gibbs said.

He will be in the hospital at least another 16 days, and possibly more. Musch already has had six blood transfusions.

Two blood donations must be obtained for every transfusion a person receives. People wishing to donate may go at any time to the Blumberg Blood bank in Waukegan to give blood.

LINDENHURST—Regular monthly meeting of the Lindenhurst Men's club will be held at 8 p. m. Thursday, September 8, at the Men's club.

Everyone attending is asked to arrive before the program starts to fully appreciate it.

Six hundred families will be interviewed throughout Lake county by nurses or sanitarians from the health department during the course of the survey, Dr. Arthur G. Baker, director, said this week.

Families to be interviewed have been selected on a random basis to ensure receiving information from a representative sample of all areas in the county. Statisticians from the Illinois health department are assisting.

Information on immunization levels of children and adults is essential for the health department in order to determine if sufficient protection exists to prevent outbreaks of diphtheria, whooping cough, polio and smallpox.

## Wilmet Dam And Floods

WILMOT, Wis.—The Wilmet dam in the Fox river and its connection if any with the flooding of farm lands as far north as the Kenosha county line was a prime topic of discussion at the Wilmet fire station Tuesday evening.

A special meeting of a farmers' group with William Cartwright of the Wisconsin public service commission was the occasion.

A long-range study for development of the river as a waterway of Kenosha county already is under way.

Complaints have come from farm operators along the river north of the dam that high waters as far north as the Kenosha-Racine county line have been caused by the obstruction at Wilmet.

Earlier at a meeting of the farm delegation with the state highway committee and county officials, claims were made by the farmers of inadequate operation of flood gates at the dam.

University of Illinois researchers are raising and grooming some 175 "disease-free" pigs as initial breeding stock for the college of agriculture's new animal breeding research farm.

## Channel Lake School Doors Open For 1960-61 Year Next Tuesday

By Mrs. Pearl Kapell  
Phone Antioch 1887

CHANNEL LAKE—September 6 will be Independence day for many Channel Lake mothers — the day school opens.

Tuesday will not be a full day of school. Children will register and receive their books.

There will be two new teachers on the staff this year, replacing Donald Behling and Shirley Kaletch.

Howard Scott will teach seventh grade, and Randall McConahey will be the new principal and eighth grade instructor.

A new floor was installed in the

eight grade room during the summer, and the upstairs hall and the kitchen were repainted.

Virginia Gruidl will be cook for the hot lunch program again this year, and Mrs. Dorothy Olson, assistant cook.

Mrs. Olson returned last week from a vacation of several weeks spent visiting her daughter, Mari-Anne Flowers, in Tucson, and her son, Franklin, in California.

Girl Scouts of Troop 73 had a swimming party at the Antioch pool Wednesday morning, August 24. Looked for a while as if it might get rained out, as so many swimming parties have been lately, but the sun came out and it was a beautiful day.

Girl Scouts who attended were Marge Bartley, Kathy Stirling, Brenda Camerer, Linda Soby, Vicky Lebowski, Terry and Ceanna Portalski, Viola Ward and Susan Davis.

Jerry Petersen, son of Mr. and Mrs. Harold Petersen of Pete's TV, celebrated his fourth birthday on August 29 with a birthday party for some of his young friends.

Mr. and Mrs. Elmer Eberman drove to New York last week with their son, "Chip," who entered the Merchant Marine academy at King's Point. Chip had a going away party on August 17, with about 35 guests.

The swimming party held at the Antioch pool by the Channel Lake Community club August 26 was voted a success by all who attended. After being rained out the previous Friday, the weather was perfect. After everyone had had enough swimming, pop, coffee and hot dogs were served.

Mrs. Mary Chase attended a luncheon and card party at the home of Mrs. James McMillen on August 31. The party was for the benefit of the American Legion auxiliary. Tickets were limited to 60 guests, and a bake sale was held in addition to the party.

Harry Warner, Sun-Side Subdivision, was hospitalized for a few days last week, but is home now and is improved. Warner is 95 years of age, and one of the oldest residents of Channel Lake.

Mrs. Mame Hamm, Channel Lake Bluffs, has been a patient at St. Therese hospital for a week. Mrs. Mary Peck also is in St. Therese.

Bruce Worswick of Woodbine avenue was one of the occupants of the busload of Marine Reservists which was involved in an accident near Antioch last week. Bruce received a cement burn on his arm, but was otherwise uninjured.

Bill Barnstable, Lake Catherine, left for Champaign September 1, for rush week on the University of Illinois campus. Bill was forced to drop out of school last term, when he was severely injured in an automobile accident.

Still on crutches, he'll resume his studies when classes start in September. His sister, Sandra, in her second year at the university, will go to Champaign on September 7.

Guests at the toys and gifts demonstration party given by Mrs. William Chase August 24 got an early taste of Christmas. The ladies had a wonderful time playing with the toys some of their children will get for Christmas or birthdays.

Everyone being politics-conscious this year, both a stuffed elephant and a donkey were shown. Don't know if the demonstrator had the equal-time ruling in mind, but the only other stuffed animal shown was a squirrel.

A delicious lunch was served, and several prizes awarded.

Present were Mrs. William Davern, Mrs. Dorothy Chase, Mrs. Lois Ward, Mrs. Harriet Runyard, Mrs. Margaret Runyard, Mrs. Margaret McKinney, Mrs. Pearl Kapell, Mrs. Paul Chase, Mrs. Dolores Hoobler and daughter Judy of Palatine, Kate Davern, Jean Morris and Mrs. Mildred Klug.

John Eckert, Jr., was especially happy when his eighth birthday arrived August 27. Now he's eligible to be a Cub Scout. Johnny's father is Cubmaster of Pack 86.

The budget of the Channel Lake school for the coming year will be posted for inspection of the public from September 1 to September 20, at Chase's Service station and Meierdick's Service station. There will be a hearing on the budget at the Channel Lake school September 20.

Mr. and Mrs. Walter James and three small daughters of Buchanan, Mich., were house guests of the James Worswicks for a few days last week.

## 2 Communities Jointly Ask for New Facilities

PADDOCK LAKE, Wis.—Representatives of Paddock Lake and Salem have asked the U. S. Post Office department to consider establishing new postal facilities in both towns.

A group representing both villages met last week in Salem to air the problem. Since the decision to build a new post office in Salem, Paddock Lake leaders have been pressing for further facilities to better serve their residents.

Paddock Lake has contended that the Salem post office has frequently been "snowed in" and inaccessible during the winter months. They also say that the new location near the fire house would make it even harder to reach during ice and snow conditions.

Attending the session were Al Paddock, representing the Paddock Lake village board and businessmen's association; William Keefe, Jr., Paddock Lake trustee; Frieda Webb, Paddock Lake village clerk and businessmen's association secretary; Salem Postmaster Charles Peterson; Salem Fire Chief James Jansen.

The letter which has been sent to the regional office of the post office department in Minneapolis, read as follows:

"We, the representatives of the following groups, have met as a body to set aside differences of opinion that now seem to stand as a barrier to construction of new postal facilities, so that we may have this needed improvement for the betterment of our postal services.

"It is our united decision to request a new post office and a branch office, one of which facilities should be located in Salem and one in Paddock Lake, the sites of said facilities to be decided by postal authorities with proper consideration of all factors to be involved."

The letter was signed by all those present except Postmaster Peterson, who, as a representative of the postal department necessarily remained "neutral" in the discussion.

## Jet Pilot to Explain His Overcoming Panic

A jet pilot from Winnetka, Ill., will explain how he overcame panic and fear in an emergency when he turned unreservedly to God for help, which radio station WAIT-830 kc will carry at 9 a. m. Sunday, September 4.

The broadcast is one of the series "How Christian Science Heals," which this station carries every Sunday.

These programs are unusual, it was said by the Committee on Publication for First Church of Christ, Scientist, Antioch, because actors are not used—the people tell their own stories and all facts are carefully verified.

PADDOCK LAKE, Wis.—Residents here are being urged to speak up now about their problems, and then to attend the second regular meeting of the Paddock Lake village board scheduled Sept. 7 at 7:30 p. m. in Central high school.

Villagers can make sure that items of special interest to them are brought up at the meeting by talking to any members of the village board now. The agenda is being made up, and any matters of interest that are relayed to village officers by the end of August can be included for discussion.

## Lindenhurst Men's Club Auxiliary Picnic Enjoyed; Other Area News

By Mrs. Bernice Bernau ELiot 6-5649

LINDENHURST — The Women's auxiliary to the Lindenhurst Men's club gave a picnic for paid up members and their families Sunday, August 28, at the Men's club.

Mrs. Lois Flanagan was in charge of the games. Johnny Graves won the balloon blowing contest for little boys and Jeannie Kieffner won the girls' prize.

In the father and son three-legged race, Ted Flanagan and his son, Bill, won. Carol DiSomers took the race, carrying on her head a plate containing clothespins.

The sack race for boys went to Johnny Kieffner. Kathy Guzski was the fastest runner among the girls.

The last game was the husbands and wives. They had to throw a raw egg back and forth until it broke.

Catching raw eggs gets quite messy as Lois Flanagan will tell you. Her blouse got the worst of it.

Ida and Chuck DiSomers were winners. They received a dozen fresh eggs (they hope), wrapped pretty in a large candy box.

After the games all went in the club house where they filled up on hot dogs, soda pop, crackerjack and ice cream.

Mr. and Mrs. Donald (Sally) Keppeler of Thornwood Drive are receiving congratulations on the birth of a daughter, Kim Marie. She made her debut at Victory Memorial hospital, August 22.

Kim Marie weighed 7 lbs., 10 ounces. The Keppelers have a son, Kurt, almost four years old.

Maternal grandparents are Mr. and Mrs. Oliver Hansche of Racine, Wis. Paternal grandparents are Mr. and Mrs. H. C. Keppeler, also of Racine.

Suzan Beth Eisner of Fairfield road celebrated her sixth birthday Saturday, August 27, with seven of her little friends.

The children were Debbie Bonovitz, Suzan Dobslaf, Jeffrey Kockler, Raymond and Mary Jo Parpan, Suzan Koepfen, and Danny Roos.

They enjoyed a wienie roast outside and everything else that goes with a party. They played the usual children's party games and enjoyed the fish pond.

Suzan Beth is the daughter of Henry and Peggy Eisner.

The Friday night Canasta club met at Mrs. Georgia Sutherland's home on Hickory drive August 28.

Betty Janega won a plastic, heart shaped bag for soiled hosiery. Pat Vrba won a china candy dish and Mel Uebele received a brass dog letter holder.

The ladies who played, but didn't have such good luck were Helen Mindak, Bert Harceg, Ing Spiegler, Ida Christensen, Ellen Marsh and Pat Schartz.

They elected Ida Christensen and Ruth Burke, treasurers. Betty Janega and Georgia Sutherland are the entertainment committee.

Georgia was also given the honor of being publicity chairman, and is to keep a scrap book for the club.

at Chase's Service Station and at Meierdick's Service Station, both on Route 173, in Antioch Township, Lake County, Illinois from September 1 to September 20, 1960.

A hearing on this budget will be held at the Channel Lake Grade School at 8 p.m. September 20, 1960. Mary P. Chase, Secretary Channel Lake School District No. 35 (Aug. 25 & Sept. 1, 1960)

Tickets for the Luau are going fast. Reservations should be made as soon as possible, because there is only room for 75 couples, and more than half the tickets are sold already.

To make reservations call Babe Hartwig at ELiot 6-7685.

Mr. and Mrs. Lou (Ann) Hartokolls of Thornwood drive, dedicated their six week old son, Stephen Paul, Sunday at the World of Life Bible Fellowship church in Venetian Village. Ann served dinner and supper to quite a houseful of friends and relatives. They also have a daughter, Debbie.

Lindenhurst welcomes Alyce and Harold Buerster of Ridgeland drive to their fold. They are dividing their time between here and Chicago, until they finish their home here.

They just had the shell built, and Harold, who is a carpenter by trade, is finishing it himself. He works mostly in DesPlaines and Glenview.

## News of Lakesports

### Nelson Again Race Winner

WILMOT, Wis.—The Kenosha County Fairgrounds speedway Saturday night concluded two highly successful and profitable weeks of racing for the "Big Dane," Norm Nelson of Racine.

Two Saturday nights ago was a modified stock car feature win at Wilmot (in fact a clean sweep). Then on the next day, Sunday, a 4th place finish in the championship late model stock car races at Terra Haute, Ind. This was followed by a third place modified stock feature at Wilmot one week ago Saturday, followed up by the Sunday triumph in winning the 150 mile National championship late model stock car race at the state fair grounds in Milwaukee.

This important contest of speed put Nelson well in the lead in National standings and on Thursday, Nelson collected more of those valuable points by finishing 2nd in the 200 mile fair week spectacular in Milwaukee.

Nelson's winning ways continued when this past Saturday night at Wilmot he posted fastest qualifying honors (52.20 m.p.h.) and won the 25 lap modified feature (51.42 m.p.h.).

He appears certain of winning the 1960 Chevrolet El Camino which is being awarded to top man in points at the Wilmot speedway.

Only extreme misfortunes on the forthcoming last two Saturday nights of racing could eliminate Norm from the coveted top position with Bob Karry, Lindenhurst, ready to move up in the event of such occurrences.

Bill Shoulders, also of the late model stock car circuit earned second place in the Saturday night feature followed closely by third place finished, Gary Sheldon of Beloit.

Jack Radtke, Grayslake, finished fourth with Ron Larsen, Racine, fifth.

### Ray Toft Wins Race At Wilmot Grounds

Wilmot, Wis.—Ray Toft of Antioch, who operates a service station and being an avid racing fan couldn't resist the temptation to drive, wound up by winning the 12 lap jalopy feature race averaging 45.12 mph at the Wilmot Speedway Saturday night.

The last night of stock car racing Saturday, September 10 at the Kenosha County Fairgrounds will highlight a 50-lap feature for the modifieds and a 25 lap feature for the stock jalopies.

### Major Bowling League To Meet September 1

A meeting of the Antioch Major Bowling League will be held at 8 p.m. Thursday, September 1, at the Antioch Bowl on route 173, west of Antioch, secretary Bill Keulman announced.

All team captains, members and others interested in this loop for the 1960-61 season are welcome to attend.

The league bowls Friday nights at 9 o'clock starting September 9.

### Lake Villa Team Enjoys a Picnic

By Mrs. Bernice Bernau

LAKE VILLA—The Lake Villa Township Little League Dodgers team had its picnic Sunday afternoon in manager John Springer's back yard. Now that baseball is over the boys spent almost the whole afternoon playing football.

The boys enjoyed a feast of hot dogs and hamburgers, potato salad, baked beans, potato chips, soda pop and cake.

On hand to help with the boys were coaches John Mateja and Ed Bonovitz, Mrs. Elaine Springer and Mrs. Harriet Bonovitz.

The boys themselves picked Joe Rox of Grand avenue to receive the team award, made and donated by Ed Bonovitz, for displaying the best sportsmanship. The plaque reads "Awarded for Sportsmanship 1960 Little League, Lake Villa, Ill." His name is to be inscribed on the name plate.

Other boys on the team are Stan Lozowski, Gary and Larry Mateja, Marnie Baker, Joe Ivan, Bill Bernau, Ricky Springer, Billy Springer, Bruce Meglio, John Chmelir, Bob Wagner, Tom Doyle, Jim Miller and Johnny Springer.

### Sheldon Captures Race Held At Waukegan Track

WAUKEGAN—In an action packed program of modified and stock jalopy racing, Gary Sheldon, Beloit, Wis., speedster, came home the victor in the main event, a thrill packed 25 lap feature for modifieds at the Waukegan Speedway Sunday night.

The win was Sheldon's first running on dirt tracks, having scored in main events prior on asphalt surfaces. His winning speed was 49.13 m.p.h.

Five roll-overs highlighted the thrills along with an unaccountable number of spins and crashes. Sheldon was able to pile up some distance as the rest of the field untangled themselves and went on to his victory, placing about a quarter lap ahead of second place finisher Swede Erickson of Gurnee.

Ted Rozinski, West Allis, second place man in the 1960 point standings placed fourth in the main event and beat out repeated challenges of Paul Hollister of Northbrook who came in fifth.

John Reimer, Milwaukee, was the night's fastest qualifier with a speed of 51.43 m.p.h.

### Bi-State Bowlers to Open on September 8

The Bi-State Bowling league will open its 1960-61 season at 9:15 p.m. Thursday, September 8, with all team captains asked to report by 8:30, league secretary Ed Slavik announced.

Teams entered as of this week were Rudolph Turkeys, Gordon Weatherstrip, Kirchmeyer Construction, Haydon Homes, Beauty-View Products, Roepack Masonry, Bob's Mobil station, Mason Shoes, Dalgard's IGA, Dortmund Inn, Vos Construction, Adolph's Channel Inn.

ANTIOCH HIGH GRIDDERS were receiving equipment in the school's gymnasium last Friday afternoon when this scene was photographed. Sophomores and freshmen candidates were given theirs in the afternoon while varsity place seekers were presented theirs in the morning. First practice was held Monday morning. Double drill sessions were scheduled this week and one on Labor Day (next Monday). Nearly 90 boys were expected out for football this season, the largest number in Sequoit grid history. Antioch high which won 6 and lost 2 last season, has but three lettermen back this year. (Antioch News photo)

## 75 Working Out Berths On Sequoit Football Squads

Seventy-five candidates for positions on the Antioch Township high school varsity, sophomore and freshman football squads have been working out at the school's practice field each morning and afternoon.

Wednesday morning head coach Bob Walther and assistant varsity mentor Roger Andrews were working with a squad of about 35 youths. Walther was handling the linemen and Andrews the backs.

Over in another section of the large field east of the Soo Line tracks Roy Nelson had about 20 sophomore prospects drilling on blocks and tackles.

Douglas Risberg and Bill Seemann were working on the freshman squad of about 20 youths.

Andrews and Risberg are new to the ATHS coaching and teaching staffs this school year.

Much of the first week has been spent in conditioning with plenty of running, blocking, tackling and other exercise. The warm weather of the first part of this week should help in this getting into condition.

Football fundamentals are always stressed in the first week or so particularly, because before long with the season opener only two weeks or so away, plays will have to be put into practice soon.

Candidates for all three squads received their equipment last Friday morning and afternoon in the school gymnasium with the coaches helping out in seeing there was proper fit.

One practice session is scheduled for Labor day (next Monday), but whether it would be in the afternoon or evening was not certain as of Wednesday. The boys and coaches were to decide later this week.

Three lettermen are back from the 1959 season that saw the Fighting Sequoits win a majority of their games. These three will be backed by eight or more others who have had some varsity experience.

Last year's sophomore squad which won 6 and lost a pair is being counted on to provide lots of help.

ATHS meets Wilmot high in the 1960 curtain-raiser at Wilmot September 18.

### Falcons Open Grid Drills

PADDOCK LAKE, Wis.—Football practice got under way Monday at Salem Central High school, and the nightly drills will continue until the opening game Sept. 9 with the Lake Geneva Badgers, one of the favorites for the Southern Lakes conference championship.

"We're having a tough time digging out a line this year," said Football Coach Roger Terry after the initial workouts.

"We're undecided about quite a few spots in the line, but the backfield is halfway set," he said.

This week, team candidates are concentrating on blocking and tackling, Coach Terry said. "That was our sore point last year."

The team holds practice sessions nightly at 7 p.m.

### Softball Playoff September 10-11

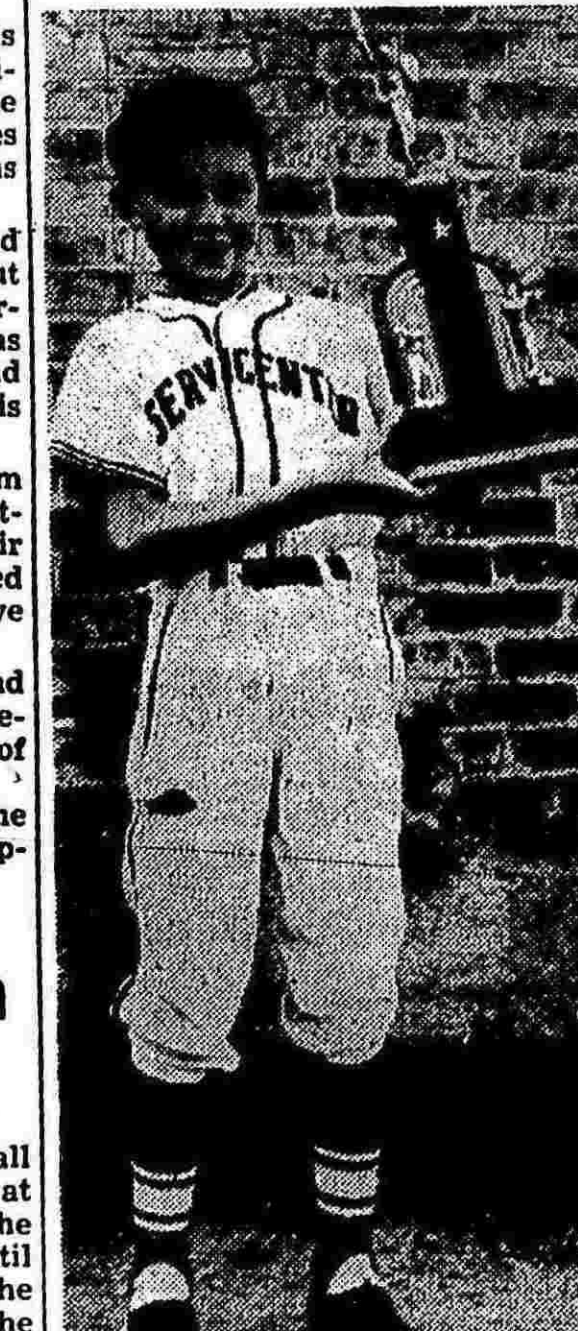

Saturday and Sunday, September 10 and 11, are the dates for the playoff games in the Lake-Keno Softball league with four teams scheduled to take part, it was decided at a meeting of team leaders Tuesday night.

Competing at the field 4 miles north of Antioch on highway 83 near the Wilmot road intersection will be Golfview, Pat's Lounge, Jim's Service and Thom-Eric.

Games probably will be played off at Golfview, as it is called, Saturday evening and Sunday afternoon. Two contests will be on the card on Saturday and possibly only one on Sunday.

Thom-Eric is defending champion and the other three teams won first place honors at the end of each of 1960's three rounds of league play.

Pairings and other details of the playoffs will be announced next week.

STANLEY HORTON of North Antioch, a member of the Cubs team sponsored by the Antioch Servicenter in the 1960 Antioch Little League, has been given the Jim Cahill award (shown here). It is presented annually to the Little Leaguer who throughout the season demonstrates to a great degree those qualities of sportsmanship, leadership and cooperation in addition to proficiency in baseball. The trophy was made possible through a donation by Jim Cahill, local sports enthusiast. Horton is a son of Mr. and Mrs. Ray Horton. (Antioch News photo)
